

# Scandinavia Series

Designed by Glismand & Rüdiger

The Scandinavia sofa is a sofa classic designed by Glismand & Rüdiger. Its frame consists of solid wood from sustainable European forestry, while fabric cushions are upholstered on both sides, and the armrests have extra padding for superior comfort. Under the cushions you'll find an exclusive lining and a slightly elevated edge, which prevents the cushions from slipping off. The legs are available in several materials and in two heights, while the cushions are available with foam filling or goose feathers and down filling, and the sofa can be upholstered with wool, leather, velour or one of our innumerable furniture fabrics.
