

# FIBER SIDE CHAIR – SWIVEL BASE & SWIVEL BASE W. CASTORS

ISKOS BERLIN ON THE DESIGN “One of the most difficult and noble disciplines is to design without eccentricity, creating simple, well-functioning and almost ordinary objects that nevertheless have strong identities. We designed Fiber Side Chair to do just that through a clear sculptural language that refuses to compromise on comfort. It’s a chair stripped of all unnecessary layers. The iconic form marries soft, embracing curves with an innovative wood fiber composite, giving Fiber Side Chair a unique expression and tactile texture.”

## DESCRIPTION

The Fiber Side Chair is made from an innovative wood fiber composite with up to 25% wood fibers for a tactile expression and matte touch, joined by the Scandinavian touch of a swivel base. The fibers make for a unique texture when viewed up-close yet become invisible to the eye when viewed from afar, paired with an embracing yet minimal shape.

At the end of its life, this product can be disassembled, supporting circularity. All non-upholstered versions of this product are marked with recycling 5, meaning that is 100% recyclable to be used in future production and thus lowering material waste.

## PRODUCTION PROCESS

The wood fiber and plastic blend is injected into the mold, forming the chair’s shell. The steel sled base is CNC-bent and powder coated.

## MATERIAL

Shell consists of a wood and plastic composition with up to 25% wood fibers, 70% PP (polypropylene) and 5% colored PP. The swivel base is die casted aluminum.

## CLEANING AND CARE

Clean with a moist cloth. If necessary use a little dish soap on the cloth. For upholstery versions, please find cleaning instructions for your chosen textile at kvadrat.dk, nevotex.com or for leather at ca-mo.com. For leather upholstery versions: Clean the leather with a dry cloth regularly. Treat the leather at least four times a year using only special leather treatment products.

## SPARE PARTS

Pre-mounted plastic glides included. Felt and plastic glides can be purchased separately.

## MADE-TO-ORDER
