

Piero Coffee table 55 x 130, H40 cm

Piero

German Joa Herrenknecht designs furniture with a playful and inquisitive approach to both design language and material selection. This has resulted in Piero, which is a beautiful, functional and sophisticated coffee table, where multiple geometric shapes and alternative, natural materials are sharply and beautifully juxtaposed against each other. The leather storage pocket can also be buttoned on and off, which gives the design a fresh, new angle.
