

Peyote dining table

Peyote

Designed by the Italian design studio e-ggs, Peyote is an elegant dining table with an organic design inspired by leaves and nature's ability to create new shapes. Peyote manages to be elegant yet bombastic at the same time, featuring a round, leaf-shaped base and perfectly floating table top, created in beautiful materials. The Peyote dining table is created in a combination of moulded veneer, MDF and plywood, which ensures stability and durability.
