Description

Stitched light shade in Cordura®, a three-dimensional ladder-proof 100 % polyamide fabric, stretched across a metal frame made from bent steel Ø 16 mm. Black marble base Ø17 cm thickness 4 cm.

Inside the fabric shade, an LED ribbon is inserted into a white PMMA diffuser tube Ø 4 H 96 cm, fixed vertically onto the marble base. The LED ribbon simultaneously illuminates the 2 faces of the shade ; the front face and the rear face, with indirect lighting thrown onto the wall in front of which the reading light stands.

Cordura® is a trademark of the DUPONT company. It is a synthetic fibre from the nylon family. Professional dry clean only. White PVC cable. White foot switch.
